

Not All Pretty Things Are Good

Invasive Species threaten Natural Open Space and fuel Wildfires

PAMPASS GRASS Dense fast growth difficult to control. Displaces native plants. High fire risk. Propagates quickly to neighbors thru seed disbursement.

MEXICAN FAN & CANARY PALM Dead fronds fire hazard. Displaces native habitat. Requires constant trimming to reduce risk.

SCOTCH BROOM Aggressive growing shrub. High oil content. Highly flammable.

FENNEL Spreads aggressively. Out-competes native plants. Dense growth difficult to eliminate.
